

Viviscal® professional

Hair Growth Programme

Viviscal have combined over 20 years of scientific research & expertise to create Viviscal Professional Hair Growth Programme.

It is a formulated food supplement that supports healthy hair growth from within, it is super enriched with essential ingredients for optimum healthy hair growth, and these include the proprietary marine protein AminoMar C, biotin (vitamin B7) & apple extract (procyanidin B2). It is recommended to take Viviscal Professional supplements for a minimum of six months.

Viviscal Professional is recommended & used by 'A' list celebrities such as Reese Witherspoon, top hair stylists, trichologists & dermatologists worldwide.

93% would recommend to a friend or family member.

Viviscal Professional is not to be confused with other hair growth products on the market, Helen Wood Hairdressing are the only stockists in the south of the UK.

Viviscal Volumising Hair Fibres. Microscopic, electrostatically charged fibres with keratin that stick to the hair, instantly your hair appears to have more volume!

For men & women with all hair types, easy to apply, washes out, lasts in

wind & rain. Available in various shades.
