

Helen & Anna have more than 45 years professional hairdressing experience between them, both are highly experienced in wedding & special occasion hair.

We work closely with our brides making sure we fulfill their requests for their special day. Listening is key & we are happy to look at any pictures or hear any ideas you may have. We offer a two hour trial at our salon which we find is usually just about right, but we can arrange further one hour trials at an extra cost if you feel it is needed. We also work with & can supply hair extensions & hairpieces, which are great if you need that extra volume or length.

If you need any beauty services, we can recommend fellow experienced professionals that offer make-up, spray tans, eyelash extensions, manicures & pedicures. If it is easier for you we are happy for them or your chosen make-up artist to come along to the salon on your wedding day.
